F-1868DZ OLYMPIAN

18 FT SPA | 68 JETS | 3 SEATS

The Cal Spas Olympian F-1868DZ is our largest Dual-Zone Fitness Swim Spa, perfect for both intense workouts and relaxation. This swim spa features 56 powerful jets on the swim side and 33 jets in the 3-person hot tub, designed for post-workout recovery. You can set the swim zone to 80°F for a comfortable exercise environment and enjoy the hot tub at up to 104°F for ultimate relaxation. Our Cross-Current Stabilization System keeps you in place while swimming, providing an expert-level workout against the current. One of the best features is its dual power setup: the swim spa side operates on 60 amps at 220V, while the hot tub side requires only 16 amps at 110V. This means you can install it in a standard home without the need for costly additional power hookups. Enjoy getting fit and spending quality time with loved ones in this versatile, energy-efficient swim spa.
